

SHADY NASR SAAD ABD-ALATIF

Network Engineer

PROFESSIONAL SUMMARY

Junior Network Engineer with strong knowledge of networking fundamentals, Routing & Switching, Network Configuration, Network Security, and Troubleshooting. Hands-on experience in building and configuring network labs using Cisco Packet Tracer and GNS3. Completed a comprehensive CCNA course and skilled in configuring and troubleshooting network devices. Eager to apply technical knowledge and strong computer skills in a professional networking environment.

TECHNICAL SKILLS

Networking: TCP/IP, IPv4/IPv6, Subnetting, VLANs, Inter-VLAN Routing, STP, EtherChannel, VTP, Port Security, Static & Default Routing, OSPF, WAN, VPN

Network Tools: Cisco Packet Tracer, GNS3, Wireshark

Network Security: Network Traffic Analysis, Basic Vulnerability Assessment, Port Security, Basic Network Security Concepts

Computer Skills: Windows, Linux, Hardware & Software Troubleshooting, Microsoft Office.

NETWORKING LABS

- **Configured and troubleshot** Cisco switches and routers using Cisco Packet Tracer.
- **Implemented** VLANs, Inter-VLAN Routing, VTP, STP, and EtherChannel in multi-switch network environments.
- **Configured** Port Security and applied basic Layer 2 security practices.
- **Implemented** Static Routing, Default Routing, and OSPF for dynamic network communication.
- **Designed and configured** WAN and VPN network scenarios.
- **Built and troubleshot** multi-layer switching and routing topologies.

EDUCATION

 **Borg El Arab
Technological University**

Bachelor of Technology in
Network Engineering

SOFT SKILLS

- Problem Solving
- Time Management
- Analytical Thinking
- Communication Skills
- Teamwork & Collaboration
- Attention to Detail
- Continuous Learning
- Network Troubleshooting

LANGUAGES

- **Arabic:** Native
- **English:** Professional Working Proficiency

ADDITIONAL INFORMATION

- **Military Status:** Postponed,
Pending Exemption
